Personal Information

Name: Bob Hopper

Entity I represent (if any): MMA Renewable Ventures

Class/sub-class seat for which I am running (Choose only one):

- Industry/ Other
- Industry/ Load Serving Entity
- Industry/Generating Unit
- State/Provincial Representative

Statement to Voters

Why I am qualified to serve on the WREGIS Committee: I have 18 years in the renewable energy business and currently serve as Senior Vice President. I am currently responsible for developing and implementing my company's development strategy and establishing advantageous relationships with service providers and other delivery channels. I also manage my company's relationships with solar integrators, developers and utilities. Prior to joining MMA Renewable Ventures, I provided the leadership to Siemens' Western Region energy services business unit where I was responsible for all strategic energy operations in the region. I also founded power consulting company IEC, Inc., which managed and negotiated more than \$100 million in energy supply contracts and \$150 million in energy efficiency projects, which was acquired by Sierra Pacific Resources (now NV Energy). My experience includes six years with Honeywell in development and management roles.

Why I seek to serve on the WREGIS Committee: To use my background and experience to assist WREGIS in its goal/mission to achieve the goals and oversee the operations of WREGIS in a manner that is fair credible, consistent with the public interest, and responsive to the needs of participants.

Conflicts of interest (if any) that might prevent me from an unbiased representation of the class for which I have been nominated: None

Any other comments:
