- L. Hopkins references excerpt from FERC electronic code of regulations re: confidentiality (see background materials)
- Jeremy initiates discussion on cap and trade issues; notes we need to be cognizant that what we do not will set precedent for how things are done in the future. Discussion regarding CA statute 32 ensues.
- Andrea states the RPS numbers are not confidential here in the west, but you'll need to check with each states RPS. May have to contact Oregon and California to see if they have an opinion on the numbers. Contact other states like Michigan.
